

## JACKSON COUNTY TIER 1 CIAP PROJECTS

- MS.30.701 City of Gautier Coastal Land Conservation in Area of Hickory Hills and Bayou Castelle, Phases 1 and 2**  
*City of Gautier*  
Research, identify, and acquire deed ownership of approximately 10 acres along Bayou Castelle, and create a conservation plan to maintain the land in a natural state. (AU 1)  
\$777,000
- MS.30.702 Audubon Mississippi Coastal Impact Education and Engagement: Promoting Conservation Ethics within the Pascagoula River Basin, Phases 1, 2, 3 and 4**  
*National Audubon Society, Mississippi Chapter*  
Implementation of a successfully developed educational program that focuses on education and engagement of the citizens of Jackson County about coastal impacts within the Pascagoula River basin. (AU 1)  
\$389,000
- MS.30.703 Pascagoula Sanitary Sewer Evaluation Project, Phases 1, 2, 3 and 4**  
*City of Pascagoula*  
To evaluate ageing existing sewer lines using smoke tests, flow monitoring, and televising; to determine needed repairs of sanitary sewer lines and to install liners and new lines where it is identified as necessary from the testing to protect against and to correct damage to natural resources. (AU 2)  
\$530,000
- MS.30.704 Moss Point Waterfront Land Acquisition, Phases 1, 2, 3 and 4**  
*City of Moss Point*  
Acquire approximately 73 acres of land connected to Moss Point's waterfronts for the purpose of creating a waterfront green space focused on bisecting the city to aid in restoring, preserving and protecting the unique waterfront properties within the city. (AU 1)  
\$443,795
- MS.30.705 Ocean Springs Land Acquisition and Clearing for the Protection of Storm Water Outfalls, Phases 1 and 2**  
*City of Ocean Springs*  
Purchase approximately 20 acres of land in two areas of the City in order to maintain the natural state and to mitigate any future damages to the area, especially that caused by flooding, with the goals to restore and preserve natural flood plain and drain way activity, and to mitigate the impact of future storms by reducing flooding in the area. (AU 1)

\$750,000

**MS.30.706 Harbor Storm Water Management and Wetlands Restoration, Phases 1 and 2**

*City of Ocean Springs*

Purchase of property near boat storage building at Ocean Springs Harbor with the goal of restoring natural drainage area on each side, creating opportunities supporting certification of a “Clean Marina” for the harbor, restoration of the wetlands area on north side, and construction of green space to slow storm water run-off between road bed and bulkhead along edge of the dock. (AU 1)

\$1,100,000

**MS.30.707 Delmas Avenue Walkway and Park Development**

*City of Pascagoula*

Create a connection between the downtown and the waterfront within one year by installing a walkway along Delmas Avenue upon Jackson County owned property and clear eyesores and paving materials at the site to make it a green space designed to function as an outdoor classroom for use by NOAA, and have educational activities for the public. (AU 1)

\$150,000

**MS.30.708 Magnolia Avenue Birding Pier**

*City of Pascagoula*

Enhance the public’s accessibility to enjoy the beauty of natural setting of the bayou, and educate the public about local species of birds and other fauna without invading and destroying the environment by constructing a pier designated for birding and wildlife viewing. (AU 1)

\$300,000

**MS.30.709 VACANT**

**MS.30.710 VACANT**

**MS.30.711 VACANT**

**MS.30.712 Moss Point Sanitary Sewer System Repair/Rehabilitation, Phases 1, 2, 3 and 4**

*City of Moss Point*

Evaluate, determine need for repairs, and repair or replacement of failed or severely deteriorated portions of the sanitary sewer collection and pumping systems, including manholes, and to reduce infiltration and inflow. (AU 2)

\$2,955,961.59

**MS.30.713 Ocean Beach Estates Wastewater Collection System, Phases 1, 2 and 3**

*Jackson County Utility Authority*

Provide a wastewater collection and transportation system for homes in this area allowing the use of failing septic systems to be discontinued and eliminate a direct pollution source to the Mississippi Sound. (AU 2)  
\$4,533,685

**MS.30.714 VACANT**

**MS.30.715 Acquisition and Restoration of Flood-Prone Properties for Green Space, Phases 1 and 2**

*City of Ocean Springs*

Purchase properties that are continuous flood hazards near the coastal areas in order to maintain the natural state and mitigate any future damages to the area. (AU 1)

\$400,000

**MS.30.716 Restoration of Lake Mars Waterfront Project, Phases 1 and 2**

*Jackson County Board of Supervisors*

Conserve, restore and protect a waterfront area by replacing a bulkhead, mitigating 0.5 acres of wetlands losses, protecting of a 3.0 acre salt marsh, and constructing 1.0 new acres of nearshore reef habitat. (AU 1)

\$500,000

**MS.30.717 Incident Response System, Phases 1, 2 and 3**

*West Jackson County Utility District*

Purchase equipment to prevent or limit loss of sewer overflow and to respond to loss of pumping capacity. (AU 2)

\$1,497,000

**MS.30.718 VACANT**

**MS.30.719 Jackson County Planning Assistance and Administrative Costs of Complying with CIAP, Phases 1, 2, 3 and 4**

*Jackson County Board of Supervisors*

Planning assistance, administration, collaboration with CPS and State representatives, monitoring and compliance with CIAP through 2016. (AU 3)

\$1,278,185
