To whom it may concern,

The Department of Marine Resources (DMR) would like to thank you for your participation in the recent bid process for the Pass Christian Site demolition. DMR and Allred Architects have reviewed all the bids that were received. DMR's Executive Director has made the determination that it is in the best interest of the State to reject all bids so that necessary adjustments can be made to the specifications/scope of work for the project. DMR and Allred Architects plan to rebid this project in the near future. We thank you for your participation in this process and encourage you to submit your bid again.

Sincerely,
