

**Buoy Reef Deployment Project**

**Pre-Bid Mandatory Meeting**

**July 1, 2015 at 9:00 a.m. – Staging Site**

**Questions and Answers**

1. Will there be a post placement survey of the materials that were deployed?

**Answer:** That will be up to the contractor.

2. Thirty-five thousand (\$35,000) is the top price?

**Answer:** Yes, sir, since it is small area to cover.

3. How deep is the water?

**Answer:** 9 feet

4. Does the material have any plastic in it?

**Answer:** Yes, a little.

5. Will the MDMR be picking up the debris?

**Answer:** Yes.

6. What is the limiting factor? Is it the \$35,000 or the 1,000 yards?

**Answer:** It is the \$35,000. If more material can be placed, that is great but \$35,000 is the budget for this project.

7. Are we still bidding out per cubic yard?

**Answer:** Yes.

8. Can we load on Saturday and Sunday?

**Answer:** No.

9. What are the hours during the week that we can load?

**Answer:** We can stay as long as you need between the hours of 8:00a.m. and 5:00p.m.

## **Buoy Reef Deployment Repairs Questions & Answers**

**10.** Can the material be moved from the MDMR staging site to the contractor's staging site and loaded on barges for deployment?

**Answer:** No, the material must be loaded on the barges at the MDMR staging site and is not to be moved to another staging site.
