

Current Recreational Spotted Seatrout Regulations

Spotted Seatrout must be a minimum of 15 inches total length (TL) to harvest, with a daily bag limit of 15 fish per person.

Current Commercial Spotted Seatrout Regulations

Spotted Seatrout must be a minimum length of 14 inches TL to harvest

- Annual Quota: 50,000 pounds
- Commercial fishermen have a 50,000-pound quota, and their Spotted Seatrout season closes once this is reached.
- Even if the quota isn't reached, the commercial fishery is closed from November 1st – January 31st of each year.
- Commercial fishermen are not allowed to fish north of the CSX railroad.
- Additionally, commercial fishermen are not allowed to fish within one mile of Ship, Horn, or Petit Bois Islands.
- In addition to having a commercial license, individuals harvesting Spotted Seatrout for sale must possess a Spotted Seatrout Endorsement.
- To qualify for this endorsement an application must be completed and submitted to the Finfish Bureau Trip Ticket Program Administer. You can find the application by clicking on the link below:
