

## PUBLIC NOTICE

The Federal Emergency Management Agency (FEMA) has received a subgrant application for funding through the Port Security Grant Program. Pursuant to Executive Order 11988 and 44 CFR Part 9.12, public notice is hereby given of FEMA's intent to provide funding for this project under the Port Security Grants Program. This notice serves as a project-specific public notice for FEMA's funding action located within a Special Flood Hazard Area. FEMA has determined that the only practicable alternative is to fund the security enhancements, already located within the Special Flood Hazard Area. Funding for the proposed project will be conditional upon compliance with all applicable federal, tribal, state and local laws, regulations, floodplain standards, permit requirements and conditions. This action complies with the National Flood Insurance Program (NFIP) requirements

**Responsible Entity:** FEMA

**Applicant:** MS Dept of Marine Resources

**Project Title(s):** Biloxi, MS Cameras #1

**Location of Proposed Work:** 30.411478N, -88.904846W

**Floodplain Locations:** Location per National Flood Insurance Program's FIRM Map Panel Numbers 28047C0292G, effective on 06/16/2009 Zone AE

**Proposed Work/Purpose:** Purchase and installation of portable cameras onto two utility poles.

**Project Alternatives:** The following alternatives were considered:

- (1) Relocation of the facilities outside the floodplain – There are no practicable alternatives to locating the proposed installation of cameras at the port are of functional dependent use of the location and cannot be place anywhere else.
- (2) No action alternative – This alternative is not feasible as the upgrades are necessary to ensure proper and effect monitoring of water ways and accuracy of surveillance. With the no action alternative, negative impact could result in crews not being able to carry put essential functions and mission properly because of not having proper equipment.

**Comments:** This will serve as the final public notice regarding the above-described action funded by the FEMA PSPG program. Interested persons may submit comments, questions, or request a map of this specific project by writing to the Federal Emergency Management Agency, Region 4, 3005 Chamblee-Tucker Road, Atlanta, Georgia 30341, or by emailing FEMA-R4EHP@fema.dhs.gov. Comments should be sent in writing with the subject line Biloxi Cameras, at the above addresses within 15 days of the date of this notice.

**Important: This notice may be removed from public view on the 15<sup>th</sup> day from original date of posting**

**NOTICE WAS POSTED ON \_\_\_\_\_ DAY OF \_\_\_\_\_, 2021**

The pin displayed on the map is an approximate point selected by the user and does not represent an authoritative property location.

This map complies with FEMA's standards for the use of digital flood maps if it is not void as described below. The basemap shown complies with FEMA's basemap accuracy standards

The flood hazard information is derived directly from the authoritative NFHL web services provided by FEMA. This map was exported on 9/28/2021 at 10:25 AM and does not reflect changes or amendments subsequent to this date and time. The NFHL and effective information may change or become superseded by new data over time.

This map image is void if the one or more of the following map elements do not appear: basemap imagery, flood zone labels, legend, scale bar, map creation date, community identifiers, FIRM panel number, and FIRM effective date. Map images for unmapped and unmodernized areas cannot be used for regulatory purposes.
